Personnel – Dr. Cynthia Young reported the Committee met on October 15, 2002. Focused on discussing faculty salaries. Three resolutions will be presented. One will reflect a desire for some of the funding now given to TIP to be shifted to RIA to better reflect our desire to move toward becoming a Research I institution. Also suggested that eligibility for TIP needs to reflect teaching of graduate courses. (Note: this is already done. Goal is to make as many faculty as possible eligible for TIP every year. Members referred to TIP guidelines.)

The Steering Committee discussed pros and cons of changes in structure of RIA (independent of PREP awards) and TIP. It was suggested the Personnel Committee gather more facts on the programs before sending resolution forward. Also suggested there be discussion of inversion and compression of salaries.
Resolution 2002-2003-1 Electronic Thesis and Dissertation Policy
After some discussion, Dr. Modani suggested removing the “move forward to” in the last paragraph, first sentence, to read: Be It Resolved that
